Overall Length:

1.718 inches

Overall Height:

1.530 inches

Overall Width:

0.530 inches

End Application:

Alq99 ecp054

Contact Arrangement:

Double pole, double throw

Features Provided:

Hermetically sealed and shock resistant and vibration resistant

Special Features:

Moderately rugged item; 0.830 cu. In.; wt 0.119 lbs; input voltage 20-30 vdc; contact current rating at maximum rated voltage: 10 amps dc resistive, 8 amps inductive, 4 amps dc motor, 2 amps dc lamp; 8 solder hook terminals; polarity protection; fixed time delay select from 100 msec to 600 sec; recycle time 50 msec max; mtg: two 0.150 in. Wd slotted holes, parallel to lg, c to c distance between holes 1.396/1.446 in.

Precious Material And Location:

Terminal surface gold

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fig:

A51310
