End Application:

Hyd lab scs p

Special Features:

Operating voltage: 24 vdc; load current: 1 amp; inrush: 10 times steady state current; operating temperature: minus 20 degrees to plus 60 degrees celcius; encapsulated circuit protects against vibration, shock and humidity; terminals: 8 pins, octal plug-in; dimensions: length: 2.750 in. , width 1.375 in. Square

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No
