End Application:

An/mst-tia

Special Features:

Input voltage: 3.0 volts dc min to 30.0 volts dc max; nom load voltage: 120.0 volts ac; terminals: 4 screw; mounting: 2 slotted holes placed in an in-line configuration; c to c distance between mtg slots: 1.870 inches nom; mtg slot width: 0.176 inches nom; dimensions: length: 2.200 inches nom; width: 1.000 inches nom; height: 0.850 inches nom; polarized terminals; spstno; case material: solvent resistant thermoplastic

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No
