**Contact Arrangement:**

Double pole, double throw

**Special Features:**

1.061 cu. In.; moderately rugged; 115 vdc or 28 vdc, 10 amps resistive, 8 amps inductive, 4 amps motor, 2 amps lamp; input 20-30 vdc; continuous duty; 180 sec time delay; 3 slotted holes on an isosceles triangle, parallel to lg 1.446 in. Nom, parallel to width 0.625 in. Nom

**Terminal Type And Quantity:**

14 tab, solder lug

**Specification Data:**

81349-mil-r-83726/29 government specification

**Shelf Life:**

N/a

**Unit Of Measure:**

--

**Demilitarization:**

No

**Fiig:**

A513I0
