Contact Arrangement:

Double pole, double throw

Special Features:

1.061 cu. In.; moderately rugged; 115 vdc or 28 vdc, 10 amps resistive, 8 amps inductive, 4 amps motor, 2 amps lamp; input 20-30 vdc; continuous duty; 180 sec time delay; 3 slotted holes on an isosceles triangle, parallel to lg 1.446 in. Nom, parallel to width 0.625 in. Nom

Terminal Type And Quantity:

14 tab, solder lug

Specification Data:

81349-mil-r-83726/29 government specification

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A51310
