Overall Length:

2.170 inches

Overall Height:

4.410 inches

Contact Arrangement:

Double pole, double throw

Special Features:

Led illuminates when relay is energized; wt 0.6 kilograms; input 1 amp or 5 amps ac and 10 amps maximum dc; 3 phase; differential: 1.0 pct fixed; adjustable operate time 10 sec max; output: contacts 240 vac or 24 vdc; 5 amps noninductive ac Or 5 amps resistive dc

Terminal Type And Quantity:

12 screw

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fig:

A51310
