**End Application:**

Dep se dig tp

**Special Features:**

Contact arrangement: spstno; input voltage rating: 3.0 volts dc min and 32.0 volts dc max; output voltage rating: 240.0 volts ac nom; operate time: 0.01 sec max; release time: 0.01 sec max; line frequency range: 47.0 hz min and 63.0 hz mas; terminals: four screw; mounting: two 0.187 inch diameter holes placed in an in-line configuration spaced 1.875 inches c to c parallel to length; over all length: 2.245 inches min and 2.285 inches max; height: 0.950 inches nom

**Shelf Life:**

N/a

**Unit Of Measure:**

--

**Demilitarization:**

No

**Fiig:**
