

View Online at <https://aerobasegroup.com/nsn/5945-01-349-9997>

End Application:

Afscn/cue

Special Features:

Zinput 3.5 vdc max; 0.8 vdc min; maximum reverse minus 3 vdc; control v 3.5 to 15 vdc; control current range @ 5 to 15 vdc, 13 to 45 m (dc); output operating v (47 to 63 hz), 24 to 280 vrms; max load current (40 degree c), >5arms; min load (holding) current <10 marms; maximum zero v turn on 6 v; maximum off state leakage <2 marms; temp operating minus 20 to 50 degree c; storage minus 42 to 80 degree c; dielectric strength, input/output/case 4000 vrms; used on interface link, part of interface unit, acu
