End Application:

Controller, ac, winch, p/n 410628103300 onboard 400 ft wagb coast guard vessels

Special Features:

Totally solid state for long life and reliability; encapsulated circuitry protects against shock, vibration and humidity; fixed or adjustable delays from 0.05 to 600 seconds; repeat accuracy porm 2% under fixed conditions; input operating voltage 120 volts ac; tolerance porm 20% of voltage; line frequency 50 or 60 hertz (consult factory on other frequencies); output rating load current 1 ampere degrees c; dielectric 1500 volts rms ; terminations 1/4 male quick connect terminals; operating temperature -40 degrees c to +40 degrees c

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No
