**Overall Length:**

3.320 inches

**Center To Center Distance Between Mounting Facilities Parallel To Length:**

1.655 inches single mounting facility

**Overall Height:**

2.380 inches

**Overall Width:**

2.500 inches

**Unthreaded Mounting Hole Diameter:**

0.188 inches single mounting facility

**Contact Material:**

Silver

**Winding Quantity:**

1

**Purpose For Which Designed:**

General

**Coil Quantity:**

1

**Winding Dc Resistance Rating:**

64.0 kilohms single winding

**Duty Type:**

Continuous

**Mounting Facility Type And Quantity:**

2 unthreaded hole single mounting facility

**Storage Type:**

General purpose warehouse

**Mounting Facility Pattern:**

In-line single mounting facility

**Operating Voltage Rating And Type At Specificationified Temp:**

24.0 volts dc 25 degrees celsius single winding

**Main Contact Load Current Rating At Maximum Rated Voltage:**

30.0 milliamperes dc resistive load

**Energizing Element Power Rating:**

2.0 watts

**Precious Material And Location:**

Contacts silver

**Precious Material:**

Silver

**Terminal Type And Quantity:**

6 screw all functions

**Shelf Life:**

N/a

**Unit Of Measure:**

--

**Demilitarization:**

No

**Fig:**

A03300
