Overall Length:

0.420 inches

Overall Height:

0.300 inches

Overall Width:

0.250 inches

Operating Temperature Range:

-40.0/+85.0 degrees celsius

End Application:

Mosfet photovoltaic relay, international rectifier, model pvdz1

Voltage Rating:

60.0 volts output

Current Rating:

20.00 milliamperes control

Time Delay:

500.00 microseconds turn-on

Terminal Type And Quantity:

8 pin

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fig:

A513k0
