Overall Length:

1.700 inches

Overall Height:

0.600 inches

Overall Width:

1.250 inches

Operating Temperature Range:

-40.0/+80.0 degrees celsius

Voltage Rating:

5.0 volts operate

Current Rating:

25.00 milliamperes resistive

Features Provided:

Optically isolated

Special Features:

The case color is white which indicates it's type.

Terminal Type And Quantity:

5 pin

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A513k0
