**Overall Length:**

2.250 inches

**Overall Height:**

0.950 inches

**Overall Width:**

1.750 inches

**Operating Temperature Range:**

-20.0/+80.0 degrees celsius

**End Application:**

6625-01-278-6404

**Voltage Rating:**

3.0 volts control and 32.0 volts control

**Current Rating:**

25.00 amperes on-state

**Features Provided:**

Optically isolated

**Time Delay:**

100.00 microseconds turn-on

**Special Features:**

This unit operation is normally conducting with no input control voltage.

**Terminal Type And Quantity:**

4 screw

**Shelf Life:**

N/a

**Unit Of Measure:**

--

**Demilitarization:**

No

**Fig:**

A513k0
