End Application:

P/n 128766 auto pilot control panel onboard 420 ft wagb class coast guard vessels

Frequency In Hertz:

Between 45.0 and 65.0

Special Features:

Multi function timer module - controls the release of the relay coil voltage; operating voltage 24v - 240v ac/dc; time range 0.1 seconds to 10 hours; operating range 0.85 to 1.1xun; operating temperature -22 to +55 degrees c; module size lg 1.378 ins x h 1.732 ins x d 0.394 ins

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A03300
