Overall Length:

2.500 inches

Overall Width:

1.531 inches

End Application:

Air baffle and component assembly, ranger 10 lx generator

Coil Quantity:

1

Operating Voltage Rating And Type At Specificationified Temp:

12.0 volts dc 25 degrees celsius single winding

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A03300
