Fragility Factor:

Moderately rugged

Frequency In Hertz:

Between 50.0 and 60.0

Winding Quantity:

1

Coil Quantity:

1

Storage Type:

General purpose warehouse

Operating Voltage Rating And Type At Specificationified Temp:

110.0 volts dc 25 degrees celsius single winding

Special Features:

Mechanical latch adder blocks w/ manual or electrical unlatching

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A03300
