Overall Length:

1.125 inches

End Application:

C141 serd 000 e/i fscm 11532

Duty Type:

Continuous

Special Features:

Double pole double throw relay with internal diode for cell transient suppression

Terminal Type And Quantity:

8 wire lead all functions

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A03300
