**Overall Length:**

3.750 inches

**Center To Center Distance Between Mounting Facilities Parallel To Length:**

3.250 inches single mounting facility

**Center To Center Distance Between Mounting Facilities Parallel To Width:**

1.500 inches single mounting facility and 2.000 inches single mounting facility

**Overall Height:**

3.000 inches

**Overall Width:**

2.500 inches

**Mounting Slot Width:**

0.210 inches single mounting facility

**End Application:**

Fire fighting

**Frequency In Hertz:**

60.0

**Coil Quantity:**

1

**Mounting Facility Type And Quantity:**

4 slotted hole single mounting facility

**Mounting Facility Pattern:**

Rectangular single mounting facility

**Operating Voltage Rating And Type At Specificationified Temp:**

240.0 volts ac 25 degrees celsius single winding

**Special Features:**

Heater relay

**Terminal Type And Quantity:**

8 tab w/screw all functions

**Shelf Life:**

N/a

**Unit Of Measure:**

--

**Demilitarization:**

No

**Fig:**

A03300
