End Application:

Panel, marine hardware & hull doors

Frequency In Hertz:

Between 50.0 and 60.0

Operating Voltage Rating And Type At Specificationified Temp:

110.0 volts ac 25 degrees celsius single winding

Special Features:

Mechanical latch block, 110 to 127 vac, manually or electrically unlatching

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A03300
