Voltage Rating:

440.0 volts

Main Contact Current Type:

Ac

Meter Movement Current Type:

Ac

Special Features:

3-phased measuring relay for upper/lower phase-phase voltages control; measures on own power supply; output, 10 a spdt relay; plug-in type module; s-housing; led-indication for power supply and output on

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

T142-k
