Overall Length:

2.250 inches

Overall Height:

1.037 inches

Overall Width:

1.750 inches

Operating Temperature Range:

-40.0/+125.0 degrees celsius

Voltage Rating:

3.0 volts control and 32.0 volts control

Current Rating:

25.00 amperes output

Features Provided:

Optically isolated

Special Features:

Spstno, 25 amp, 3 to 32 vdc control, 600 vac peck output, triac output relay

Terminal Type And Quantity:

4 threaded hole

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fig:

A513k0
