Terminal Quantity:

2

Terminal Type:

Connector, receptacle

Overall Length:

4.370 inches

Overall Height:

2.310 inches

Overall Width:

1.310 inches

Dc Voltage Rating:

Between 12.0 volts and 24.0 volts

End Application:

2320-01-465-2174

Mounting Configuration:

Flush mount

Adjustability:

Nonadjustable

Flashing Rate:

70 per minute

Controlled Circuit Quantity:

1

Battery Operation Facility:

Not provided

Operating Mechanism Inclosure:

Not included

Special Features:

Flasher, 12/24 protected

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fig:

T142-m
