Overall Length:

2.105 inches

Overall Width:

0.801 inches

Operating Temperature Range:

-55.0/+125.0 degrees celsius

End Application:

Control, torpedo launcher, c-5535/ssq

Voltage Rating:

80.0 volts output

Features Provided:

Shock resistant and vibration resistant

Special Features:

Spdt, break-before-make

Terminal Type And Quantity:

6 pin

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fig:

A513k0
