End Application:

Swbd 3h-5h nssn dc power distribution switchboards; wsd: nuclear reactor boundry area

Operating Voltage Rating And Type At Specificationified Temp:

28.0 volts dc 25 degrees celsius single winding

Special Features:

1-5 second time delay (tdpu)

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A03300
