**End Application:**

Swbd 3h-5h nssn dc power distribution switchboards, wsd: nuclear reactor boundry area

**Operating Voltage Rating And Type At Specificationified Temp:**

700.0 volts dc 25 degrees celsius single winding

**Special Features:**

1-5 second time delay (tddo)

**Shelf Life:**

N/a

**Unit Of Measure:**

--

**Demilitarization:**

No

**Fiig:**

A03300
