**Overall Length:**

2.765 inches

**Overall Height:**

3.156 inches

**Overall Width:**

0.687 inches

**Voltage Rating:**

240.0 volts supply

**Contact Arrangement:**

Single pole, double throw

**Current Rating:**

1.00 milliamperes input

**Features Provided:**

Shock resistant and vibration resistant

**Time Delay:**

0.05 seconds delay

**Special Features:**

Six time delay setting ranges from 0.05 seconds to 10.0 h

**Terminal Type And Quantity:**

6 screw

**Shelf Life:**

N/a

**Unit Of Measure:**

--

**Demilitarization:**

No

**Fiig:**

A51310
