Overall Length:

2.000 inches

Overall Height:

1.210 inches

Overall Width:

2.000 inches

Voltage Rating:

12.0 volts input

Current Rating:

10.00 amperes output and 5.00 amperes output

Features Provided:

Moisture resistant and shock resistant and vibration resistant

Special Features:

Item aka: digital timer 12 volt, encapsulated casing

Terminal Type And Quantity:

5 quick disconnect, male

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fig:

A513k0
