**Overall Length:**

2.000 inches

**Overall Height:**

1.210 inches

**Overall Width:**

2.000 inches

**Voltage Rating:**

12.0 volts input

**Current Rating:**

10.00 amperes output and 5.00 amperes output

**Features Provided:**

Moisture resistant and shock resistant and vibration resistant

**Special Features:**

Item aka: digital timer 12 volt, encapsulated casing

**Terminal Type And Quantity:**

5 quick disconnect, male

**Shelf Life:**

N/a

**Unit Of Measure:**

--

**Demilitarization:**

No

**Fig:**

A513k0
