Overall Length:

4.700 inches

Overall Height:

3.700 inches

Overall Width:

3.120 inches

End Application:

B-2 bomber

Voltage Rating:

277.0 volts control and 600.0 volts control

Current Rating:

20.00 amperes control

Features Provided:

Hermetically sealed

Special Features:

No shorted scr delector; two nc contacts

Terminal Type And Quantity:

6 screw

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

Yes - demil/mli

Fig:

A513k0
