Overall Length:

2.000 inches

Overall Height:

0.750 inches

Overall Width:

2.000 inches

Operating Temperature Range:

-40.0/+60.0 degrees celsius

End Application:

Remote relay; arleigh burke class ddg

Voltage Rating:

24.0 volts turn-on and 120.0 volts turn-on

Current Rating:

1.00 amperes on-state

Features Provided:

Hermetically sealed

Special Features:

Solid state relay; frequency of 50/60 hertz; male quick connect terminals

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fig:

A513k0
