Overall Length:

5.060 inches

Overall Height:

3.640 inches

Overall Width:

2.860 inches

End Application:

Controller ac

Mounting Facility Type And Quantity:

4 unthreaded hole

Features Provided:

Automatic reset

Contact Maximum Voltage Rating In Volts:

440.0 ac

Contact Maximum Current Rating In Amps:

72.0 ac

Special Features:

Motor trip current selected by program function (no heater coils required); continuous duty; enclosure is dripproof or watertight

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fig:

A500I0
