Overall Length:

2.106 inches

Overall Height:

0.220 inches

Overall Width:

0.810 inches

Operating Temperature Range:

-55.0/+105.0 degrees celsius

Voltage Rating:

60.0 volts operate

Current Rating:

10.00 amperes output

Special Features:

Ssr with short circuit protectionagavgsh-2g seasprite helicopter, teledyne relays

Terminal Type And Quantity:

8 pin

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fig:

A513k0
