Overall Length:

4.347 inches

Overall Height:

2.125 inches

Overall Width:

3.375 inches

Operating Temperature Range:

-40.0/+150.0 degrees fahrenheit

End Application:

Panel enclosure

Voltage Rating:

115.0 volts control and 240.0 volts control

Current Rating:

8.00 amperes control

Special Features:

Cannot ignite flammable materials; sensitivity (ohms) 3k

Terminal Type And Quantity:

12 screw

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fig:

A513k0
