Overall Height:

1.020 inches

Overall Diameter:

0.370 inches

Duty Type:

Continuous

Product Name:

T0 5 relay

Special Features:

Ldpdt relay with internal diode for coil transient suppression; ambient tempature minus 65 degrees to plus 125 degrees celsius; weled, hermetically sealed; coil voltage 12.0 volts dc; may becoated with gold or solder

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fig:

A03300
