#### **Overall Height:**

1.020 inches

## **Overall Diameter:**

0.370 inches

## **Duty Type:**

Continuous

#### **Product Name:**

T0 5 relay

#### **Special Features:**

Ldpdt relay with internal diode for coil transient suppression; ambient tempature minus 65 degrees to plus 125 degrees celsisus; weled,

hermetically sealed; coil voltage 12.0 volts dc; may becoated with gold or solder

## Shelf Life:

N/a

## Unit Of Measure:

--

## Demilitarization:

No

## Fiig:

A03300
