Overall Length:

3.020 inches

Overall Height:

2.560 inches

Overall Width:

1.770 inches

Operating Temperature Range:

-10.0/+60.0 degrees celsius

End Application:

F-15 support equipment

Current Rating:

8.00 amperes overload and 11.50 amperes overload

Special Features:

Nema class 10 trip characteristics, three-pole relay; this overload relay is used with contactor lc1k061b7, and auxiliary contact la1-kn11

Terminal Type And Quantity:

7 screw and 6 pin

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A513I0
