End Application:

Mrap - common nsn - used on mrap no permanent wsdc identified and 1 other weapon system

Voltage Rating:

28.0 pounds per hour wet control

Current Rating:

10.00 amperes control

Special Features:

End item: panel pc enclosure

Precious Material And Location:

Contacts silver

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A513k0
