Electromagnetic Relay - Page 1 of 1

View Online at https://aerobasegroup.com/nsn/5945-01-523-6181

Overall Length:

2.028 inches

Overall Height:

2.520 inches

Overall Width:

1.358 inches

End Application:

C-17a aircraft

Winding Quantity:

2

Coil Quantity:

1

Winding Dc Resistance Rating:

72.0 ohms single winding

Operating Current Rating And Type:

167.0 milliamperes dc single winding

Special Features:

Coil voltage 12 volts operating time 50 ms maximum release time 50 ms maximum operating temp -25 degrees to +60 degrees c with no icicng

Terminal Type And Quantity:

10 screw all functions

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A03300
