Overall Length:

1.718 inches

Overall Height:

1.510 inches

Overall Width:

1.025 inches

Operating Temperature Range:

-55.0/+125.0 degrees celsius

Voltage Rating:

20.0 volts control and 30.0 volts control

Current Rating:

150.00 milliamperes control

Time Delay:

0.10 seconds release and 600.00 seconds release

Terminal Type And Quantity:

16 pin

Specification Data:

81349--83726 government specification

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A513I0
