Case Material:

Plastic

Contact Material:

Silver and nickel

Special Features:

End item: intrr communication lcs.Item is 12vdc, operating temp is -30 degrees celsius to +55 degrees celsius, maximum operating rate is 16 ops/seconds, insulating material is molded high dielectric material, contact to coil is 1600 v ac, contact to frame is 1600v ac. Blade style terminals. 4pdt item.

Precious Material And Location:

Contacts silver

Precious Material:

Silver

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fig:

A03300
