Overall Length:

3.360 inches

Overall Height:

3.360 inches

Overall Width:

1.760 inches

End Application:

Lgm-30

Current Rating:

5.40 amperes inductive and 27.00 amperes inductive

Special Features:

Solid state overload relay with adjustable trip current; mounts to 100-c09....100-c23 contactors; self powered; one normally open and one normally closed contact

Terminal Type And Quantity:

10 screw

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A513k0
