Overall Length:

3.960 inches

Overall Height:

3.230 inches

Overall Width:

1.760 inches

End Application:

Lgm-30

Current Rating:

9.00 amperes inductive and 45.00 amperes inductive

Special Features:

Solid state overload relay with adjustable trip current; mounts to 100-c30...100-c43 contactors; self powered; one normally open and one normally closed contact

Terminal Type And Quantity:

10 screw

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A513k0
