Solid State Relay - Page 1 of 1

View Online at https://aerobasegroup.com/nsn/5945-01-545-7817

Overall Length:
3.360 inches
Overall Height:
3.330 inches
Overall Width:
1.760 inches
End Application:
Lgm-30
Current Rating:
3.20 amperes inductive and 16.00 amperes inductive
Special Features:
Solid state overload relay with adjustable trip current; mounts to 100-c09100-c23 contactors; self powered; one normally open and one
normally closed contact
Terminal Type And Quantity:
10 screw
Shelf Life:
N/a
Unit Of Measure:
<del>-</del>
Demilitarization:
No
Fiig:
A513k0
