Overall Length:

2.250 inches

Overall Height:

0.870 inches

Overall Width:

1.100 inches

Case Material:

Plastic

End Application:

Plc platform cont lswe and uswe

Winding Quantity:

1

Coil Quantity:

1

Duty Type:

Continuous

Operating Current Rating And Type:

10.0 amperes ac single winding

Operating Voltage Rating And Type At Specificationified Temp:

240.0 volts ac 25 degrees celsius single winding

Special Features:

Mfg description: hockey puck solid state relay w/snubberless triac output; operating temp: -20 to +80 degrees c

Terminal Type And Quantity:

4 screw all functions

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A03300
