Contact Current Type:

Dc

Contact Maximum Voltage Rating In Volts:

17.0

Contact Current Rating At Maximum Rated Voltage:

5.0 microamperes

Special Features:

Auxiliary contact kit; control relay contact block; iec front mount; 1 no, 1 nc; late break, early make

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

T142-r
