Overall Length:

2.300 inches

Overall Height:

0.900 inches

Overall Width:

1.800 inches

Operating Temperature Range:

-40.0/+80.0 degrees celsius

Voltage Rating:

48.0 volts offset and 660.0 volts offset

Special Features:

Internal overvoltage protected; input status led; control voltage range 5.5-32 vdc

Terminal Type And Quantity:

4 screw and 4 clamp

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A513k0
