Mounting Configuration:

Horizontal flange mounting facility

Controlling Agency:

Deutsch relays

Identifying Number:

Es215ehd part no.

Special Features:

It is a 2 pole, double throw relay. It is rated for 15 amps resistive load at 28 vdc or 115 vac. The coil has a resistance of 320 ohms, an operating voltage of 28 vdc at +25 c, & is internally suppressed to a maximum transient voltage of 42 vdc. The relay is hermetically sealed, and utilizes tin plated solder hooks for termination.

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No
