Body Style:

Cylindrical frame

End Application:

Boat, unmanned, 40ft 40uc0701

Inclosure Type:

Fully enclosed

Magnetic Coil Quantity:

2

Terminal Location:

Top edge

Mounting Facility Type And Quantity:

2 unthreaded hole and 2 terminal

Product Name:

Switch, solenoid

Special Features:

L-series solenoid switch 24v dc; 450 amp class; designed for 12 or 24 volt systems; ignition protected-safe for installation aboard gasoline-powered boats; can function as a remote battery switch; activated by a low amperage on-off switch mounted anywhere.

Terminal Type And Quantity:

2 threaded stud

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A134a0
