Center To Center Distance Between Mounting Facilities Parallel To Width:

2.620 inches single mounting facility

Case Material:

Plastic

Unthreaded Mounting Hole Diameter:

0.275 inches single mounting facility

Contact Material:

Copper

Coil Quantity:

1

Product Name:

Water resistant heavy duty solenoid switch

Special Features:

voltage 12 vdc; hd intermittent duty; pick-up voltage 9.5 vdc max; dropout voltage 5.0 vdc max; no suppression; stainless steel terminal material; continuous current rating 100 amps

Terminal Type And Quantity:

2 threaded stud contacts

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fig:

A03300
