Overall Length:

4.620 inches

Overall Width:

2.500 inches

End Application:

Special aircraft and engine tool and support equip/parts

Voltage Rating:

24.0 pounds per hour wet output

Time Delay:

30.00 minutes turn-off

Special Features:

Nha; 1559as483, total number of wire hookups 5 wire loop ends and 8 quick disconnects.

Terminal Type And Quantity:

5 wire loop

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:
